

CRIMINAL EXPUNGEMENT CLINIC

Expungement is the process of going to court to ask a judge to seal a court record. People request an expungement when they have been denied a job, housing, or a professional license because of a criminal incident that shows up on a background check.

Attend an informational session and meet individually with an attorney regarding whether this is a realistic option for your situation and receive assistance with filling out the court documents. No pre-registration is necessary.
